Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Illegal Immigration and the Destruction of America states how the United States Armed Forces is standing down from its number one military objective: to defend its borders, shores, and air space. This book presents research statistics and trends and plainly tells how the invasion of the United States is taking place and the U.S. is being taken over by foreigners from across the border. The American culture; economy; spiritual foundations; and national language which, contrary to public knowledge, was passed into law years ago, are being systematically and deliberately assaulted. The author does not present conspiracy theory, for he is not a theorist. He deals with facts from the U.S. government and other researchers. This book presents solutions that government officials know would work if not for their agenda to experiment in social engineering.
