Intelligent Arms, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. So what the heck is a real life prepper? My definition is simply someone who has an interest in being prepared for the events we may face in our lives while continuing to live out their life in as normal a fashion as possible. I will not attempt to define normal. Real Life Prepper is written to address the needs of the real life prepper. What do we do if we do not face a total collapse of society and no horde of mutant ninja zombie bikers tries to attack us at every turn? I am in no way guaranteeing that society will not collapse. Nor am I guaranteeing that the golden horde will not swarm over your peaceful home to steal all of your food. Real Life Prepper will give you the information you need to get started and help you move in the right direction. We stress a common sense approach to prepping. Where you go from there is up to you. Real Life Prepper is primarily a non-fiction work. There are stories, both real life stories and created scenarios that develop perspective and hopefully communicate key concepts in a better way than a list of facts alone might do. One long story you will be presented with is A Tale of Two Cities. This story can actually be used as an individual, family, or group exercise. After you read about Sherry and Pepper, there is a list of questions and then some answers. Another longer story is Real Money: A Fable. Only the characters are fictional. This story sets the stage for financial preparations. Why Prepare? This question has been asked a million times...
