Brand New Book ***** Print on Demand *****.Excerpt from The Organized Sunday School: A Working Manual for Officers This little book is meant to be intensely practical and wholly practicable. It is right out of the Sunday school work-shop, and may be regarded as the transcript of an active and varied Sunday school experience. It is written upon request, and with the hope that it may be widely usable and profitably used. There is not in it all an atom of untested theory. The Sunday school now has a rich and comprehensive literature distinctly its own, and the apology for this addition to it is that the busy Sunday school officer, whose reading must be condensed into scattered minutes, is often somewhat at a loss, amid the countless rich suggestions presented, to place his hand quickly upon something clearly and immediately available. But little will be said in these pages about what the Sunday school officer should be. This ground has been fully covered by scores of pens. There is no need at this day to say of him, let his relation to the Sunday school be what it may, that he should be consecrated, as well informed as may be, and wholly devoted to his work. These are undebatable propositions. What he should do, and how he should do it, will be the burden of this message; and if in some measure the needs of a fellow worker here and there should thus be met, it will be a richly requited labor of love.
