

The International Position of Japan as a Great Power (Paperback)

Filesize: 5.17 MB

Reviews

A top quality publication along with the typeface utilized was intriguing to read through. It is amongst the most awesome pdf i have got read through. Its been developed in an remarkably straightforward way and it is only right after i finished reading this publication in which actually altered me, modify the way i believe.

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a concise but comprehensive account of the rise of the Japanese empire during the late 19th century and early 20th century ahead of World War II. From the preface: Japan, an Asiatic nation, which, until forty years ago, maintained for more than two centuries a policy of strict seclusion, is to-day not only admitted into the comity of civilized nations, but has, in matters concerning the Far East, come to play a part as important as that of any of the great powers of the West. The Island Empire, which ten years ago achieved an unbroken victory in a struggle with an eastern nation of four hundred million people, lately drifted into war with one of the strongest powers of Europe and has again won an unbroken victory on land and sea. Does the marvelous and swift progress of modern Japan tend to become a peril to western civilization? Or does it contribute to the great work of the world's civilization? Will Japan use her power in obtaining exclusive privileges, or in leading toward the light her sister nations of Asia? Is she persona grata or persona non grata to the nations engaged in world-intercourse? Strongly believing that what has been accomplished by Japan in the interest of civilization is an earnest of what will be done hereafter, I have endeavored by careful research to trace Japan's historic policy in dealing with foreign nations. Incidentally frequent references have been made to the diplomatic and commercial history of Europe and America, to the principles of international and other public law, as well as to phases of private law, and to economics and sociology, in order...
