Pages Number: 115 Publisher : People s Health Publishing House Pub. Date :2008-06. guidance and learning of Medical Genetics Problem Set consists of two parts. the first part of the inspiration of modern medical genetics. medical genetics editors selected the history of some important figures to introduce these characters and the context of research. scientists from research can be a reflection of the basic ideas and the basic rules of scientific discovery; second part of medical genetics curriculum requirements and each chapter exercises. and exercises according to curriculum requirements chapter is given. including curriculum requirements. exercises (A. X-type questions. terminology. and essay questions) and the reference to the answer (A. X-type questions. essay questions) in three parts. Although the machine is not the best exercises to do some learning. but learning is to continue to practice. the process of continuous practice. exercise is one of the ways to achieve this process; same time. we encourage students to learn through a variety of ways to achieve the purpose. Medical Genetics course is across the bridge between basic and clinical medicine courses. both with some properties of basic medicine. but also with some clinical characteristics. may not have exactly the same basic medical course of study methods. So if we can be guided in learning methods. and to review and consolidate through a number of exercises. then not only helps to medical genetics of learning. but also to other clinical courses of study. so as to achieve the effect of analogy; the other hand . due to space limitations and class. Medical Genetics (5th edition) in the course of development of medical genetics major events described in the lack of inspiration...
