This is the final report. . . . excerpt. . . . The evidence before the subcommittee conclusively proves that American prisoners of war who were not deliberately murdered at the time of capture or shortly after capture, were beaten, wounded, starved, and tortured; molested, displayed, and humiliated before the civilian populace and forced to march long distances without benefit of adequate food, water, shelter, clothing, or medical care to Communist prison camps, and there to experience further acts of human indignities. Communist massacres and the wholesale extermination of their victims is a calculated part of Communist psychological warfare. The atrocities perpetrated in Korea against the United Nations troops by Chinese and North Korean Communists are not unique in Com- munist history, nor can they be explained away on the grounds that inhumanity is often associated with so-called civilized warfare. as stated. . . photos are hard to see because of age. This item ships from La Vergne, TN. Paperback.
