By Neal Stephenson, J Frederick George

Random House USA Inc, United States, 2005. Paperback. Book Condition: New. Reissue. 208 x 135 mm. Language: English .
 Brand New Book. From his triumphant debut with Snow Crash to the stunning success of his latest novel, Quicksilver, Neal Stephenson has quickly become the voice of a generation. In this now-classic thriller, he and fellow author J. Frederick George tell a shocking tale with an all-too plausible premise. There's no way William A. Cozzano can lose the upcoming presidential election. He's a likable midwestern governor with one insidious advantage an advantage provided by a shadowy group of backers. A biochip implanted in his head hardwires him to a computerized polling system. The mood of the electorate is channeled directly into his brain. Forget issues. Forget policy. Cozzano is more than the perfect candidate. He's a special effect. Complex, entertaining, frequently funny. Publishers Weekly Qualifies as the sleeper of the year, the rare kind of science-fiction thriller that evokes genuine laughter while simultaneously keeping the level of suspense cranked to the max. San Diego Union-Tribune A Manchurian Candidate for the computer age. Seattle Weekly.

Reviews

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
